

You can do it!

If you are 16 or older, have not completed high school, and are no longer enrolled in school, distance education offers a flexible alternative to scheduled classroom instruction.

- 1) *Are you a self-starter?*
- 2) *Do you set goals and work to reach them on your own?*
- 3) *Can you organize your time without help from others?*
- 4) *Do you usually meet important deadlines?*

If you answered “yes” to these questions, DCDAL online adult education may be a good choice for you!

Placement testing and orientations are conducted in the fall, spring, and summer in all three Delaware counties. For information about the next enrollment period, please call the toll-free DCDAL information line:
